Celebrating Collaboration and Friendship in a framework of inclusion and accessibility

Join us at DTU to witness and celebrate the remarkable journey of the Juppiter Association's caravan. Experience their inspiring stories being an inspiration for support, hope and research on everyday accessibility.

**Organized by:** Technical University of Denmark (DTU, Copenhagen, DK) and University of Tuscia (UNITUS, Viterbo, IT)

## Program Schedule

- **Outdoor Session** (Car Parking area between Buildings 115 and 116), from 9:30 to 10:15
- **Indoor Session** (Room 002+004 of Building 112), from 10:30 to 11:30

The **Italian Juppiter Association's** caravan of special youngsters has embarked on a mission to demonstrate the power of inclusion. They will travel over 5,000 kilometers from Rome to North Cape as part of the journey "Destination North Cape". The caravan will stop at the Technical University of Denmark (DTU).

Topics of accessibility and inclusion in buildings and education are key areas of research in the section of Indoor Environment at DTU Sustain. Therefore, the event will take place side by side with the presentation of the research projects:

- **SENSEwellbeing:** The well-being of the sensitive: indoor environment and well-being of people with autism
- **Ideal-B:** Inclusive Design for Energy-efficiency, Accessible and Liveable Buildings
- **UNITE:** University Network for Inclusive and digital Education

Representatives from the Danish and Italian academic communities, the Italian Embassy, and key stakeholders will attend. The Juppiter team will make 14 stops starting from Rome and ending at North Cape. Copenhagen will be their seventh stop.
